6:00 pm	Convention Closing Remarks and Board of Directors Officer Election Results	

## Convention Session Information

The convention will feature two types of sessions: keynote addresses and prerecorded sessions.

Keynote addresses will be live sessions via Zoom, where participants will see the content and interact with the speakers in real time. Once the keynote addresses have concluded, a link to the content will be posted.

Prerecorded sessions will be made available via a link on the AETA convention page at 12:01 am (CDT) on Tuesday, October 6. During the times on the schedule, speakers will be available to chat via Zoom about their presentations and answer any questions you may have.

All sessions will have a quiz that participants must participate in and pass with a score of at least 70% to receive continuing education (CE) credits (see below).

Please note that speakers will only be available for discussion during their scheduled time. Participants who register before October 6 can view sessions and take the accompanying RACE quizzes until December 31, 2020.

You must register before October 6th to get access to the meeting content.

## Continuing Education

The scientific program of the 2020 AETA and CETA/ACTE Joint Virtual Convention has been submitted for 14 CE hours but approval is still pending from RACE. Please check back for more information.

**Please note that due to the nature of the virtual annual meeting, participants will earn CE credits per session that they view and quiz (you must pass by answering at least 70% of the questions correctly). A quiz link will be available on the AETA convention page for each session.**

NOTE: If all sessions are viewed and each quiz is passed with at least a 70% score, the total number of CE hours/credits obtained would be (pending RACE approval):

- 14 for AETA members (including the AETA certification session)
- 12 for CETA/ACTE members

For AETA and CETA/ACTE Certification purposes, the 2020 AETA & CETA/ACTE Joint Virtual Convention will equal 10 CE credits.
