

2021 CETA/ACTE & AETA JOINT VIRTUAL CONVENTION
October 15-16, 2021

PRELIMINARY PROGRAM

The preliminary program for the 2021 AETA/CETA-ACTE Joint Virtual Convention features the following speakers and topics

- Dr. Gabriel Bo: Strategies to simplify in vivo and in vitro embryo production in beef donors; competing or complementary techniques?
- Dr. Katrin Hinrichs: Complications associated with equine transvaginal ultrasound-guided follicle aspiration
- Dr. FX Grand: Bio-security and disease control around Embryo Transfer
- Dr. Jordan Thomas: Control of the estrous cycle among embryo transfer recipients using the 7&7 Synch protocol
- Dr. Pablo Ross: Genomics
- Dr. Marc-André Sirard: The post-partum ovary, what is wrong with it?
- Dr. Jon Schmidt and Patti Anderson: OPU and IVF lab
- Dr. Hernan Baldassarre: Calves from calves: accelerating genetic advancement
- Dr. Angelika Stock
- Dr. Réjean Lefebvre

Other presentations and a Practitioner Forum are being planned. Check back soon for more information!
